

WILFRED BIX DOMMERMUTH

Jamestown, TN 38556 · (865) 416-9912 · wdommerm@vols.utk.edu · [linkedin.com/in/will-dommermuth17090633a](https://www.linkedin.com/in/will-dommermuth17090633a)

Business Analytics · Operations · Supply Chain · Reporting/BI · Procurement · Data Analysis

PROFESSIONAL SUMMARY

Magna Cum Laude business graduate with academic training in analytics and supply chain management, plus experience in quality-focused field operations and reusable web development. Seeking an entry-level role applying data, reporting, and structured problem solving to business decisions.

EDUCATION

University of Tennessee, Knoxville — Haslam College of Business

Knoxville, TN

Bachelor of Science in Business Administration

Graduated May 2026

Major: Business Analytics · Collateral: Supply Chain Management

Magna Cum Laude · Cumulative GPA: 3.71/4.00 · Dean's List: eight semesters

EXPERIENCE

Root Force

Jamestown, TN

Landscaping Assistant

May 2024–August 2025

- Executed landscaping work to project requirements and checked completed sites for consistency and quality before handoff.
- Identified and resolved service inconsistencies during field work, using practical problem solving to keep delivery aligned with customer expectations.

Serious Email

Johnson City, TN

Junior Web Developer

November 2022–May 2023

- Built HTML-based email templates and web components to support client communication and outreach requirements.
- Organized reusable components and applied version-control principles to support consistent implementation and maintenance.

PROJECT

Housing Price Index Dashboard

Spring 2026

- Built a Tennessee and U.S. housing-market comparison using quarterly FHFA data retrieved through FRED, Excel, and Power Query.
- Aligned and normalized time-series data and calculated returns, CAGR, volatility, and drawdown for decision support.

SKILLS

Analytics: Excel, Tableau, SQL, R, JMP

Business: Business analytics, supply-chain analysis, reporting, decision support

Web and workflow: HTML, reusable email components, version control

AI-assisted development: Codex CLI
